PROFESSIONAL EXPERIENCE

Feb 2024 - Mar 2026

ABShrms

Backend Developer / Team Lead

- Developed and maintained ERP and HRMS modules using NestJS, Next.js, and MySQL.
- Built REST APIs with JWT authentication and Role-Based Access Control (RBAC)
- Worked on employee management, asset management, offer management, and exit management modules
- Optimized database queries and improved API performance for enterprise workflows
- Developed and supported frontend modules using React.js and Next.js.
- Handled production issues, debugging, deployment support, and bug fixing
- Collaborated with a team of developers to ensure timely delivery of ERP and HRMS application modules.

Nov 2021 - Oct 2023

Fourez Media Ventures Private Limited

Junior Software Developer

- Developed CMS and billing management applications using Laravel, PHP, and MySQL
- Created backend modules, REST APIs, and admin management functionalities
- Worked on report generation, user management, and database operations
- Fixed production bugs and maintained existing application features

PROJECT HIGHLIGHTS

ERP Application

- Developed modules for Sales, Service, Installation, and Purchase
- Implemented secure authentication and authorization
- Integrated E-Invoice , E-Waybill and Tally ERP APIs
- Improved enterprise workflow performance through database optimization
- Supported scalable backend architecture and API connectivity across modules.

HRMS Application

- Built employee lifecycle management modules including Offer, Asset, and Exit management
- Developed APIs for employee operations and internal workflow automation
- Managed database operations, backend business logic implementation
- Integrated frontend and backend modules for smooth application workflow
- Supported production issue resolution and application maintenance

PROFESSIONAL SUMMARY

Full Stack Developer with 4.2 years of experience in ERP and HRMS application development using Node.js, NestJS, React.js, Next.js, PostgreSQL, and MySQL. Experienced in REST API development, JWT authentication, RBAC, database design, third-party API integrations, and production support. Skilled in backend development, frontend integration, and performance optimization. Immediate Joiner.

TECHNICAL SKILLS

Backend

- Node.js
- NestJS
- TypeScript
- Sequelize ORM
- Laravel
- PHP

Frontend

- React.js
- Next.js
- JavaScript

Database

- PostgreSQL
- MySQL

Tools

- Git
- Postman
- Swagger

TECHNICAL EXPERTISE

- REST API Development
- JWT Authentication
- Role-Based Access Control (RBAC)
- Query Optimization
- Database Design
- Production Support
- Microservices
- Frontend Integration

EDUCATION

B.sc - Computer Technology
Erode Arts and Science College
2021

LANGUAGES

- English
- Tamil
